

Prayer request for Week May 18, 2008

{mreflex news/18may08.jpg}Thank you to all who have prayed and continued to pray for the victims of the Earthquake in China.

Calling it the deadliest disaster in Chinese recent history, the 7.9 earthquake killed thousands, left tens of thousands homeless and many with no way of getting food and water. As we are well aware China has many problems surrounding it's civil liberty's policy as well as it's complete abandonment of any form of Christianity.

We ask the all will continue to pray for the salvation of this government, that they might find Jesus, as well as for all of the people who will now have even more struggles in their daily life resulting from this earthquake.

This disaster gives Christians around the world the opportunity to reach out and offer their hand in support and aid. It offers a chance for the Chinese government to finally see Christianity as something other than just a threat to their totalitarian rule. As the world's largest manufacturer of bibles the hypocrisy is clear and the path is paved for Christians to spread the Gospels and make a difference in this country.
