

Prayer request for Week of February 25, 2008

{mreflex news/25feb08.jpg}Thank you to all who prayed for religious freedom and democratization in China.

China will now be one of the world's largest producers of bibles. But even as China trumpets the success of this business venture as "religious tolerance", the citizens have no way to access these bibles. Bibles are for the most part banned in the communist country and not even available at the library.
