

## Prayer request for Week May 4, 2008

{mreflex news/04may08.jpg}Thank you to all who prayed for the victims of the Myanmar cyclone.

As if Myanmar is not burdened with enough problems, now literally thousands are dead, and food, water and shelter are scarce. In a country that is strictly controlled by a military regime and keeps it's borders tightly closed from the rest of the world, it is imperative that we pray for the people suffering and that the government will allow foreign aid to it's repressed citizens.

This tragedy could offer the Burmese people the opportunity to know God through Christian aid programs and it is through our prayers that government will open it's borders to allow this to happen.
